

Knees - treatment for meniscal injuries and osteoarthritis

An education evening for Wimmera medical practitioners

Tuesday 29th November 2016

Horsham Golf Club, 304 Golf Course Road, Haven

St John of God Ballarat Hospital proudly presents an Orthopaedic Education Evening for Medical Practitioners.

You are invited to attend this free education evening to learn and interact with specialist orthopaedic surgeons. **Bookings are essential** as places are limited.

Topics include:

- Meniscal Knee Injuries – When to treat surgically
 - important factors in determining reparability of meniscal injuries
 - potential candidates for meniscal surgery
 - indications for MRI
- Update on treatment of knee osteoarthritis.

Topics will be presented by Ballarat Orthopaedic Surgeons -

Mr Scott Mason
Mr Luke Spencer

Program will commence at 6.30 pm with canapés and drinks on arrival, followed by dinner with presentations at 7.30 pm. Evening will conclude around 9.00 pm.

Please register your attendance by completing and returning the attached form.

This is a RACGP accredited event and is accredited for 2 CPD points through the Western Victoria Primary Health Network Ltd.
