

Aged Care Workshops

Decision Assist: A program to help deliver palliative care and advance care planning in aged care. This includes a telephone advisory service on **1300 668 908**.

An aged care training program is now available for aged care staff to enhance their palliative care and advance care planning expertise. This will help to meet a vital need as the population ages.

The **free training package:**

- Is for staff from residential **and** community aged care
- Contains easy-to-follow **e-learning** with video clips and take home messages
- Two face-to-face workshops which complement those already being conducted within aged care (such as the PA Toolkit).

The **workshops:**

Where? In metropolitan, regional and rural locations across Australia.

When? September 2014 to December 2015.

What? Interactive to build on existing skills and enhance confidence in advance care planning discussions and providing a palliative approach (including preparing care plans, understanding the legalities, documentation).

Do they deliver? The feedback from the aged care sector has been outstanding!

To find out the times and locations for your local workshop and details of how to register, visit www.decisionassist.org.au
